Bug Report Details

Bug ID: 001

Summary: Search bar drop down contents don't show

Severity: Minor

Priority: average

Status: New

Environment: Windows 10, Chrome Version 130.0.6723.117

Description:

When a user attempts to change the drop down of the search bar, the content of options: "TV Episodes", "Keywords", "Companies" don't show

Preconditions: None

Steps to Reproduce:

- Navigate to https://www.imdb.com/
- Focus(click) on search bar. (The dropdown option is "ALL" by default)
- Type a letter or a word (e.g. "War") in search bar
- Click on the search bar's dropdown menu
- Select "TV Episodes"
- Click on the search bar to show the results
- Select "Companies"
- Click on the search bar to show the results
- Select "Keywords"
- Click on the search bar to show the results

Expected Result: The results should be shown in the search bar just like when selecting "All", "Titles", "Celebs"

Actual Result: Nothing happens when user types a word or a letter and selects "TV Episodes", "Companies", "Keywords" from the dropdown menu
